PROFESSIONAL SUMMARY

Product Designer specializing in end-to-end design of enterprise and SaaS applications, from product discovery and user research through high-fidelity delivery and developer handoff. Builds and scales design systems, translates business objectives into measurable UX outcomes, and simplifies complex enterprise workflows across CRM, ERP, HR, and admin platforms. Combines UX strategy, interaction design, and data-informed decision-making to ship accessible, responsive products. Partners closely with product managers, engineers, and stakeholders to align user needs with business goals across web and mobile.

CORE COMPETENCIES

Product Design: End-to-End Product Design, Product Discovery, Product Strategy, Design Thinking, Human-Centered Design

UX Research: User Research, Usability Testing, Personas, User & Customer Journey Mapping, Data-Driven Decisions

Interaction & IA: Interaction Design, Information Architecture, User Flows, Wireframing, UX Writing

Design Systems: Design Systems, Component Libraries, Responsive Design, Accessibility (WCAG), Developer Handoff

Collaboration: Cross-functional Collaboration, Stakeholder Management, Workshops, Agile, UX Metrics & Analytics

PROFESSIONAL EXPERIENCE

Product Designer (UI/UX) | [Global Brands Group \(GBG\)](#)

Aug 2025 – Present

- Lead end-to-end product design for enterprise platforms spanning HR, CRM, and administration workflows, aligning UX decisions with business objectives and user needs.
- Established and maintain a scalable design system and component library, standardizing UI patterns and accelerating developer handoff across products.
- Redesigned complex enterprise workflows to reduce navigation complexity and improve task-completion efficiency.
- Conduct UX audits and translate findings into prioritized, data-informed design improvements.
- Partner with product managers, engineers, and stakeholders to define requirements and deliver cohesive, accessible experiences across web and mobile.

Product Designer (UI/UX) | [CoreVine](#)

Feb 2025 – Sep 2025

- Owned end-to-end design for two flagship products, Foxus and Gowa Elmanhag, from discovery through high-fidelity delivery.
- Translated business requirements into user flows, wireframes, and interactive prototypes validated with stakeholders.
- Optimized user journeys and interaction patterns, improving usability and reducing friction across core tasks.

Product Designer (UI/UX) | [Freelance / Independent](#)

Jan 2024 – Present

- Deliver end-to-end UX/UI for web and mobile clients, leading discovery, scoping, and design roadmap definition.
- Conduct user research and build personas, journey maps, and information architecture to ground design decisions.
- Produce wireframes, high-fidelity interfaces, and interactive prototypes aligned to brand systems and accessibility standards.
- Maintain stakeholder alignment and on-time delivery through structured design reviews and clear communication.

UI/UX Design Intern | [UNEEQ Interns](#) & [Google Developer Student Clubs](#)

Apr 2024 – Jul 2024

- Delivered multiple shipped design concepts (Register/Login, E-Learning, Popcorn-Party) featured on Behance.
- Won first place in a design competition (GDSC) by applying user research and human-centered design principles.
- Built interactive prototypes and user-centered interfaces using Figma, Photoshop, and Illustrator.

Earlier Experience — Document Control & Coordination | [SEG](#), [Hassan Allam](#), [DORRA](#), [Dar Al-Alamia](#), [Huna Khidmah](#)

2019 – 2025

- Designed and standardized document-control systems and workflows, ensuring ISO 9001 compliance and audit readiness across large-scale projects.
- Led cross-team coordination, including an 18-person translation team, driving quality standardization, process improvement, and stakeholder reporting.

SELECTED PROJECTS

Enterprise & HR Platforms: HR Platform, GBG HR Request, Administration Platform, Session Management, AstraZeneca Event System — enterprise workflow tools streamlining internal operations.

CRM & Power Platform: RJ, Memo, Change Requests (Nintex) — low-code business solutions automating requests and approvals.

SharePoint Platforms: GBG Brands Intranet, CAF, GPLC — intranet and collaboration portals improving content discoverability.

Web Applications: GBG Academy, Foxus, Cafecchino, Alkan, eLearning, Register & Login — responsive web products with end-to-end UX.

Mobile Applications: Gowa Elmanhag, PowerPlus, Medi, Fashion Box, The Traveler — cross-platform mobile apps with user-tested flows.

Dashboards & Education: Dashboard and admin-panel design; educational platforms delivering data-rich, accessible interfaces.

TECHNICAL SKILLS & TOOLS

Design Tools: Figma, FigJam, Adobe XD, Sketch, Photoshop, Illustrator, InDesign, Notion, Trello

Technical: HTML, CSS, Bootstrap, Design-to-Code Handoff, Prototyping

Platforms: Microsoft Power Platform, SharePoint, Nintex

EDUCATION

Bachelor of Management Sciences | [Sadat Academy](#) 2016

COURSES & CERTIFICATIONS

- Graphic Design — Grand Notion (2026): Photoshop, Illustrator, InDesign
- UI/UX Design — KIMIT (2023): Figma, FigJam, Adobe XD, Sketch, Miro, Notion
- Front-End Web Development — SEFF (2022): HTML, CSS, JavaScript, Bootstrap, React — Final Score 98.1%
- Professional Web Development Track — Egypt FWD (2022): Agile, HTML, CSS, JavaScript, Freelancing
- Full-Stack Web Development — Route (2021): Front-end & Back-end fundamentals
